Hello from HANA Academy in Clark. Weekly News issue 5 covers the week from November 16 to 22. We had 47 students this week.

## Review of the week — a month with my child, remembered for the warmth of the people

A review from a parent who spent a month here with a three-year-old, posted on Naver Cafe and Google Maps. Not only the teachers but every member of staff, down to the kuyas and ates, treated the children kindly and cheerfully, so the child was comfortable and happy; the shops and restaurants around the academy made daily life easy; and the campus, neither too big nor too small, was just right for children. The parent also hoped the taste and menu planning of meals for kindergarten children would improve.

## Interview of the week — Teddy, 6, from Korea

An interview posted on our English account (@clarkhanaesl) on November 27. Teddy, who has studied at HANA Academy for six months, takes five one-on-one classes a day, plays soccer on weekdays and does gymnastics and taekwondo at weekends. Teddy was worried about the classes before coming, but after one day of study found them really exciting — and says the teachers here are really good. Favourite dish: kimchi! The reel has English and Korean subtitles, so you can watch the whole interview.
